

ROBIN (FORESTER)

You are Sir David's forester. As well as leading hunts and watching over his game, you keep away poachers and act as his eyes and ears around his lands. You're also a good scout and expert archer, both of which have proven useful more than once. You're always accompanied by your hunting dog, Rufus. He's old and mangy, but he's good at bringing down poachers (and other foes), so you can deal with them.
